IMPORTANT NOTES

- **Wall cleaning:** Our service includes the removal of light dust or cobwebs from walls. However, removal of old stains, crayon/marker drawings, scuff marks, or discoloration is not included, as these typically require repainting rather than cleaning. Attempting to scrub these areas can damage paint and is therefore not part of our standard service.
- **Heavy buildup and stains:** In cases of heavy staining, hard-water deposits, mold/mildew, or excessive grease, it may not be possible to achieve 100% removal in a single cleaning due to the condition of the surface, its material, or product limitations. In such cases, we will still give special attention to these areas and aim to deliver the best possible results within those limits, but without creating unrealistic expectations.
- **Moving appliances:** We do not move heavy appliances for safety and insurance reasons.

Your Cleaning is **Complete!**

Your home is your personal space, and our mission is to help you optimize your time so you can enjoy quality moments with your family and loved ones, without worrying about cleaning and organization. Our goal is to provide a consistently clean and well-maintained environment, no matter who is cleaning.

To accommodate any special requests, please inform us at the time of booking confirmation so we can adjust our schedule accordingly and ensure your needs are met.

Tips for Clients:

- **Declutter before your cleaning appointment:** Tidying up beforehand makes a big difference. Leaving laundry, paperwork, or other belongings out means cleaners will have to move them, which could lead to misunderstandings. By keeping things organized, you allow us to focus on deep cleaning, maximizing the service during our time at your home.
- **Store special or sentimental items:** To prevent accidents, put away valuable or fragile items before our visit. If something must remain out, please flag it and provide clear instructions on how you'd like it handled.

We take pride in delivering high-quality cleaning services and look forward to helping you and your family enjoy a spotless and organized home.

- **We are 100% Insured:** Liability Insurance covers any accidental damage to your property.
- **Workers' Compensation:** Ensures our team is covered in case of any injuries while working.

We appreciate your feedback to help keep our cleaning standards the BEST SERVICE IN New Jersey.
